Why Liquid Laxatives are Back in Favor

The public is fast returning to the use
of liquid laxatives. People have
learned that the properly prepared
liquid laxative will bring a perfect
movement without any discomfort
at the time, or after.

The dose of a liquid laxative can
be varied to suit the needs of the
individual. The action can thus be
adjusted. A mild laxative gives the
stomach a gentle, healthy, and
pleasant feeling.

Doctors are generally agreed that
such is the best laxative for every-
body. Seneca is a natural laxative.
It does not drain the system like the
harshes that leave a person thirsty.
Dr. Caldwell's Seneca is the best
laxative for its laxative action. It has
average person's health and
digestion in a few weeks.

You can always
get Seneca at
Bibee's.
